

## Maintenance set for behrotest® steam distillers

The set comes with all the necessary spare parts for the working area as well as for the interior of the behrotest® steam distillers.

The maintenance set included are exactly those

- screw caps,
- seals,
- tubes and
- valves

which are prone to wear out during everyday use in the laboratory.

Type	Art. No.
behrotest® maintenance set	B00606938

### User friendly design:

doors at the rear can be opened simply without tools and give access for routine maintenance work.

## Maintenance friendly design

Important tubes, valves and pumps etc. for service and maintenance work are all freely accessible.
