# Julabo

# CORIO CP-200F Refrigerated / heating circulator

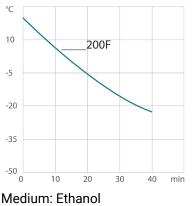

Refrigerated circulators from the CORIO CP range are suitable for applications with a temperature range up to +200°C. The enhanced pump performance ensures they are suitable for easy temperature control tasks in combination with external applications.

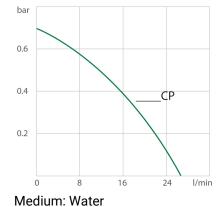

#### **Product features**

- Models for internal and external applications
- Bright, white, easy to read display
- Very quiet
- Easy pump change-over between internal and external circulation
- External pump connections
- Powerful and infinitely adjustable pressure pump
- USB connection
- RS232 interface for online communication
- Bath lid and drain tap included
- Removable ventilation grid
- Refrigeration unit without side vents
- Unique early warning system for low liquid level
- Class III (FL) according to DIN 12876-1
- Space-saving cooling coil design yields more usable space in the bath tank

# Cool-down time

#### Pump capacity

### Performance values

Setting the resolution of the temperature \$0.1\$ display °C \$

### Included in delivery

2 Barbed fittings for tubing 8 and 12 mm ID. (Pump connections M16x1 male)  $\,$ 

#### Product data sheet - CORIO CP-200F

| Working temperature range °C      | -20 +200 |
|-----------------------------------|----------|
| Temperature stability °C          | ±0.03    |
| Ambient temperature °C            | +5 +40   |
| Temperature display resolution °C | 0.01 0.1 |

### All Benefits

Condensation protection. Superb design solution. Integrated ventilation directs air over the bath lid and minimizes

# Internal. External.

condensation.

#### Safety.

CORIO CD and CP comply with Class III (FL) according to DIN 12876-1 and switches off automatically in case of high temperature or low liquid level alarm.

#### Space saving. Free up space. Place your JULABO Circulator right next to an

application, another unit, or wall. That saves space. This is made possible by eliminating vents and connections on the sides.

Tidy.

#### The special drain tap for easy draining of bath fluids without tools.

## 100% Checked.

100% testing. 100% quality. Each JULABO Circulator undergoes thorough quality testing before leaving the factory.

#### JULABO. Quality. Highest standards of quality for a long product life.

# Satisfied customers.

11 subsidiaries and more than 100 partners worldwide guarantee fast and qualified JULABO support.

#### Handle with ease.

Makes day-to-day work easy. Comfortably move your JULABO Circulator around by using the ergonomic handles (front and rear).

#### More bath

Stable.

equipment.

Solid. Minimized energy loss through high-quality insulation.

#### Touching permitted.

Optimum safety. The ergonomic plastic handle protects your fingers from hot surfaces.

Rubber feet allow for a secured footing of your

CORIO to prevent damage to your laboratory

#### Green technology.

Development consistently applied environmentally friendly materials and technologies.

## Quick start.

Individual JULABO consultation and comprehensive manuals at your disposal.

#### Highest measuring accuracy 'Absolute Temperature Calibration' for manual compensation of a temperature difference, 3-point calibration

#### Services 24/7.

Around the clock availability. You can find suitable accessories, data sheets, manuals, case studies, and more at www.julabo.com.

#### Brilliant. Very bright display makes it easy to read even from

Everything at the front.

a distance.

#### Quick support

If an error occurs, the integrated Black-Box function permits fast diagnosis by the JULABO service team

#### Connection. Easy.

Switch on. And off you go.

with just a few quick and easy steps.

Inclined pump connections (M16×1) facilitate the connection of applications. Each unit includes 2 barbed fittings of 8/12 mm diameter each.

#### Exact.

You can rely on it. PID1 control and 'Active Cooling Control' make the new CORIO precise and perfect.

Intelligent operating concept. Ready for operation

# All operating controls and safety functions are accessed easily and comfortably from the front.

Locked in. The lockable power plug guarantees safe connection. More process safety.

#### Timer. Integrated.

CORIO circulators include an integrated timer function. When the set time has elapsed, a signal sounds and the device switches off. Setting range: 0 ... 999 minutes.

## Early warning system for low liquid level.

Maximum safety for your application. Optical and audible alarm allows user to refill bath fluid in time.

Powerful. Adjustable. Strong pressure pump, continuously adjustable.

#### Connectivity.

Remote control made easy. CORIO CP circulators feature a USB connection and RS232 interface.
